SKILLS

Languages: Java, Python, C, SQL

Web Development: React, Spring Boot, Spring MVC, Node.js, REST APIs, HTML, CSS, TypeScript

Technologies & Tools: Git, GitHub, Maven, Postman, Azure, Docker, GenAI, Agentic AI, Scikit-learn, PyTorch

EDUCATION

B.E in Computer Science and Engineering

Dec 2021 - Jun 2025

Cambridge Institute of Technology

Bengaluru, Karnataka

CGPA:9/10

WORK EXPERIENCE

Lenovo India Private Limited | GRADUATE ENGINEER TRAINEE

Jan 2026 – Jul 2026

Bengaluru, Karnataka

- Developed a **Java and Spring Boot-based** login/logout tracking feature to **calculate employee working hours** and manage **9 AM–6 PM** schedules.
- Used **Microsoft Intune** for **Windows endpoint management**, device enrollment, compliance monitoring, application deployment, and troubleshooting.
- Completed training in **networking and cloud technologies**, gaining knowledge of **network troubleshooting** and **enterprise IT environments**.

Sasken Technologies Limited | ANDROID INTERN

Feb 2025 – Sep 2025

Bengaluru, Karnataka

- Built **Notera**, a Java/XML Android note-taking app with **6+ productivity features** including CRUD operations, search, image attachments, audio recording/playback, and reminder/calendar support.
- Implemented **2 privacy-focused security features** (PIN-protected and secret notes) and integrated **SQLite** for persistent local data storage and retrieval.

PROJECTS

Smart Electricity Demand

Python, Numpy, Pandas, Scikit-Learn, Pytorch, ML, DL

Engineered 7 time-based, lag, and rolling-window features from historical KPTCL grid-load data to capture temporal demand patterns.

Achieved 96.96% R² with 3.08% MAPE on the unseen chronological test period using Gradient Boosting, demonstrating strong short-term grid-load forecasting performance.

Employee Productivity System

Java, Spring Boot, React, Maven, MySQL, REST APIs

Implemented **8 backend modules** and **9 REST API endpoints** to centralize employee attendance, working-hour tracking, task updates, worklogs, and productivity reports.

CERTIFICATIONS

Microsoft Certified Azure Fundamentals 

Oracle Agentic AI Foundations 

Android Development Certification
